More motor vehicles are used in the distribution of milk than any other commodity. Around 190,000 trucks are used to deliver milk and dairy products from farms to plants and from plants to consumers.

Milk breeders in Wisconsin fed over 2,750,000 pounds of cottage cheese to their minks in 1955. They have discovered that the addition of the cheese and dried milk to the diet adds greater sheen to the animal coat.

IN MEMORIAM

In memoriam of W. B. McCormick on Father's Day.
God gave us a wonderful Papa and Husband,
One of the world's very best,
And while at work one day,
God called him home to rest.

Little we thought when he went away,
The sorrow it would bring,
The end was sudden,
The shock severe,
To part with one we loved so dear.

Sleep on dear Papa and take thy rest,
We loved you, but God loved you best.
—Sadly missed by
Wife and Children.

IN MEMORY

ORANGE—In memory of Charles Willie Orange, who departed this life 2 years ago today, June 19, 1957.

Beloved husband, sweet happy memories cling around your name.
True hearts that loved you with deepest affection, who love you in death just the same.

You left behind a broken heart that never did forget you and never will.
And who always thinks of you and who tries to be brave and contented.

Gone is the face I loved so dear,
And silent is the voice I loved to hear.

Sad but true I wonder why that the best are always first to die.

I hope to meet you some day,
I know not when.
To clasp your dear hand in a better land, never to part again.

—Sadly missed by his wife,
Mrs. Etta Orange.

Statistics reveal many things, but first, they must be intelligently gathered and then fairly studied.

The older one grows, generally speaking, the more he appreciates order, manners, and friendships.

Selfishness is at the bottom of most human conflicts; you cannot reform your neighbors, but you can work on yourself.
